

IN THE STUDIO - 1/27

Another week has gone by and we're still hard at work on our album. Wednesday-Friday with Linda; Saturday and Sunday with Jon, and then back with Linda starting Monday. We did take a few minutes Saturday morning to join producer John Fields and arranger Steve Lu and engineer Ross Hogarth in the studio with ROONEY, a very cool, young band who is going to blow people away with their new album. Check out the band-on-band action!

IN THE STUDIO - 1/24

TSQ is currently working on our debut album for Decca Records with producers Linda Perry and Jon Brion! We have about eight songs tracked so far, but we can't wait for everyone to hear the album. We're tackling Radiohead, Yeah Yeah Yeahs, and Queens of the Stone Age, but also have some surprises up our sleeves. Let's just say that this will be the first string quartet album you'll want to turn up to 11.

Check out our [MySpace](#) blog for more up-to-date studio stories and photos.

COACHELLA 2006

Woohoo! Coachella 2006 was a blast! There were an estimated 60,000 people in attendance each day this year! We opened the **Main Stage** at the festival once again; this time, bigger, better and louder! And with more stylish duds. The 50-foot-tall LED screens on either side of the stage displayed giant close-ups of each member of the band, although Daphne moved around the stage so much, apparently her cameraman gave up halfway through the set! For you lucky ones, we threw out a few T-shirts and a couple hundred of the now coveted "The Section Quartet lip balm". Ain't it good stuff?!! It was so popular it might have to make an appearance at future shows. We were proud this year to share the bill with other artists such as Sigur Ros, Dignable Planets, Matisyahu, Franz Ferdinand and one of our favorites, Tool — just to name a few of the 70 bands who played the festival this year! And yes, that was us sitting in with Cat Power!

We'll be back! Talk us up and help us campaign for 2008!

NEW EP: LIZARDS LIKE US

In response to requests for these songs we've been performing live in the last several months, the band decided to record and release Lizards Like Us, named with this year's Coachella performance in mind.

Track Listing:

1. Time Is Running Out (Muse)
2. London Calling (The Clash)
3. Maps (Yeah Yeah Yeahs)
4. Dynamite (Ima Robot)

We played all these songs at Coachella, so if you were there and liked what you heard, go get the EP! The EP is now available on [iTunes](#) and will appear on most of your favorite other online music outlets very soon.

RADIO LOVE & THE PODCAST FAD

We would like to thank our good friend Chuck P at **Indie 103.1** in Los Angeles who has been keeping The Section Quartet's new EP on rotation during his Sunday evening "Dead Air" show. Listen live at www.indie1031.fm and you may even catch tracks from a rare live in-studio performance!

And yes, we have jumped on the podcast bandwagon with our very own "[Meet The Section Quartet](#)" podcast available FOR FREE on iTunes. A few "surprise" guests will be joining us in future installments so check often for updates! ([Listen to Podcast #2](#))

FOR THE RECORD

Diamonds are who's best friend? You'd never guess. TSQ recorded a quirky rendition of the classic "Diamonds Are a Girl's Best Friend" with none other than your favorite indie hipster [Devendra Banhart](#).

We've been practically living the studio completing work on the fantastic upcoming album from [Sam Phillips](#), adding strings to Canadian chanteuse [Chantal Kreviazuk](#)'s entire new album, rockin' out on [Maroon 5](#)'s upcoming release and working with [Grant-Lee Phillips](#) as he scored the new ABC TV hit "What About Brian."

ON THEIR OWN

Yes, occasionally TSQ members leave the nest and perform on their own. Richard played solo cello on the current #1 album, the Dixie Chicks' *Taking the Long Way* and also The Red Hot Chili Peppers' *Stadium Arcadium*. Eric made an appearance with his stroh violin on the season finale of WB's "Gilmore Girls" with singer Sam Phillips. And Daphne and Leah performed on "American Idol" – the season finale made news everywhere!

Thanks for being part of the TSQ family and we hope to see you soon!
